# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
On DECEMBER 12, 1976
  - Export shipments in  
Current Marketing Year
  - Daily Sales reported  
DECEMBER 13 - 19, 1976
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of December 23, 1976 (based on reports from exporters for the week ending December 12, unless otherwise noted):

Corn: Sales activity picked up considerably from the pace of the two preceding weeks. The EC was again the major buyer with new sales or changes in destinations boosting their total purchases by 408,000 MT. Japan added 252,800 MT to their purchases, bringing the total so far this MY to 4.2 million MT. A number of changes were made in sales contracts to the USSR with the net effect being a 36,200 MT reduction in 1976/77 MY sales. Although small, the 25,000 MT to the Philippines was their first purchase in the MY.

Grain Sorghum: Interest in U.S. sorghum was good. Japan and Israel made significant new purchases totalling 141,800 MT. Optional origin sales rose by 125,120 MT reflecting sales to Portugal and Japan.

Barley: Sales activity was fairly heavy. West Germany was the major customer increasing total purchases by 34,800 MT. Sales to unknown destinations also gained. Adjustments and switches were made in contracts between Iraq and Iran, and 14,100 MT was shipped to Iran.

Rice: Sales activity continued modest in the absence of any significant PL-480 sales. Commercial demand was active with the sale of 13,100 MT of long grain brown rice to the Republic of South Africa the weekly highlight. Iran cancelled an earlier purchase of 5,000 MT of long grain.

Soybeans: Weekly sales activity continued heavy with the EC constituting almost 50% of the business. Numerous changes in destinations were reported principally from unknown destinations to Western Europe and Japan. Optional origin sales of 26,200 MT to the USSR were assigned U.S. origin. ~~However,~~ this was partially offset by the shift of a 9,900 MT from the USSR to Japan. Weekly exports to the EC of 271,500 MT were up sharply.

Soybean Oil Cake and Meal: Total sales rose by only 39,900 MT as major importing countries resisted contracting for new business. The slowing in sales activity probably reflects the increase in U.S. market prices and also the emergence of Argentina as a soybean meal supplier.

Cotton: Activity remains moderate. Egypt entered the U.S. market for the first time since MY 1974/75 and a part of their purchases of California/Arizona cotton are reflected in this week's report. Korea and Taiwan continue to add to their purchases while cancellations to Korea, Hong Kong and to unknown destinations were partially offsetting. Exports continue heavy.

Wheat, Oats, and Soybean Oil: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS  
For Week Ending December 12, 1976

<hr/>					

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
